

OUR CHICKENS

Our chickens are treated with lots of love, not only from us but from the farm as well. They are hormone and chemical free, and they are free to roam the green fields until their little chicken legs get tired. The moment they come to us they are marinated and carefully seasoned with our 50+ year recipe handed down from our grandparents. They are left overnight to really soak in all the flavours of our famous stuffing. Now they are ready to be cooked to perfection over a natural wood fire. Please Enjoy!

WE ♥ TO CATER

We have lost count of how many events we have catered for our customers over the past 50 years. Rest assured, that even though we are not so good at counting, we are excellent at cooking up a storm.

We are a very passionate, family orientated team and being Greek (OPA!) we understand the importance of food at a function. What would Yiayia say if the pastitsio wasn't just right! No event is too big or too small. The bigger the better we say.

For all your catering needs please speak to one of our friendly staff or visit our website.
